

CIRCULAR

According to Rule 7 under the Bombay Prevention of Fragmentation and Consolidation of Holdings Act, the draft scheme of consolidation prepared under Section 15 should contain all the relevant maps, statements, lists and particulars prescribed in Rule 6 of the Act prepared only in the regional language of the Taluka and the village concerned. But in the schemes submitted to this Office, it is noticed that prominently the following papers are prepared in English instead of in the regional language:-

a) statement of individual objections (Section 19 (1)) to the draft scheme and Consolidation Officer's remarks thereon,

b) abstract showing, the result of consolidation and agreeing it with the village abstract.

The prevailing faulty procedure should therefore be discontinued forthwith and all the prescribed papers of schemes should invariably be prepared in their regional-language required regional languages.

2. The Consolidation Officers should arrange to supply early copies in the regional language of papers at items (a) and (b) mentioned in paragraph 1 above of all the schemes submitted by them to this Office.
