Survey of Lands within
City surveyed areas in
connection with acquisition of Lands
of Lands.

GOVERNMENT OF BOMBAY
Revenue Department
Circular No. 1588
Secretariat, Fort, Bombay
Dated the 11th June 1921.

C I R C U L A R

The attention of Govt. has been drawn to the fact that when land is to be acquired in towns and cities which have been surveyed, it is the practice to have the plot newly measured and fresh plan prepared under Section 8 Land Acquisition Act, regardless of the fact that an accurate map already exists and that only a few measurements are necessary to fix the points at which the existing boundaries are intersected. The result is an unnecessary duplication of work. The Governor in Council is accordingly pleased to direct that in such cases the work of measurement and preparing a plan when required under Section 8 Land Acquisition Act should be done by a surveyor of the City survey staff.

By order of the Governor in Council
